### East Catholic Preschool Program Information and Tuition Rates

Children learn and grow in a loving, nurturing, Christ-centered environment. Through stimulating, hands-on, small group learning centers, children can explore their interests, practice and strengthen fine motor, gross motor, self-help, sensory, and social interaction skills while learning important concepts in religion, language, literacy, math, science, music, and art.

Our Catholic faith is an integral part of our curriculum. Children build a strong foundation for spiritual growth as they learn prayers, Catholic traditions and values, Bible stories, songs, and observe changes in the liturgical year through daily routines, activities and visits to the church.
